## 5. International awards and invited lectures

- 2004: Sjögren's Syndrome Foundation (Bethesda, MD)
- 2004: NIH invited lecture (NIDDK, Bldg 10, Bethesda, MD)
- 2008: Harvard Seminar (Harvard Medical School, Boston, MA)
- 2010: International Society invited Lecture/ Islet regeneration (Seoul, South Korea)
- 2019: International Congress invited Lecture/ Regenerative medicine (APITA)
- 2021: International Congress invited Lecture/ Islet Transplantation (APITA)
- 2023: International Congress invited Lecture/ Xenotransplantation (APITA)
- 2024: International Congress invited Lecture/ Islet Xenotransplantation (APITA)
- 2025: University invited lecture / Regenerative medicine and Xenotransplantation / National University of Singapore (Singapore)  
University invited lecture / Regenerative medicine and Xenotransplantation / Nanyang Technological University (Singapore)

## 6. Executive positions

- Councilor and Trustee (Director): The Japan Society for Transplantation
- Councilor and Trustee (Director): Japanese Society of Tissue Transplantation
- Councilor and Trustee (Director): The Japanese Pancreas and Islet Transplantation Association (JPITA)
- Councilor and Trustee (Director): Asia Pancreas and Islet Transplantation Association
- Councilor : Asian Society for Xenotransplantation
- Councilor and Previous Trustee (Director) : Association of Japanese Medical Colleges
- Previous Councilor : The Japanese Society for Regenerative Medicine
- Review Member (closed information) : The executive committees of domestic grants including governmental and/or Foundations

## 6. Representative papers

- Science 2 articles
- Nature Medicine 1 article
- Nature Communications 1 article
- Journal of Clinical Investigation 2 article
- Journal of Experimental Medicine 1 article
- Circulation 1 article
- Blood 1 article
